## To all young Tribologists

Together, we want to enhance the transfer of knowledge within the field of tribology – from all points of view.

The symposium's focus is on:

- » Presenting projects and theses of young researchers in academia and industry in English
- » Discussing new topics and ongoing research projects
- » Providing an „exercise platform“ for major conferences
- » Offering a stage for young scientists and young tribologists

You will have the possibility to exchange your knowledge with other young scientists and gain experience in presenting your research. Furthermore, we offer advice regarding topics such as research methodology, testing possibilities, research presentation, or scientific writing.

## Important Dates for Speakers

- » Speaker registration and abstract submission (200 words, English) 8<sup>th</sup> June 2023

## Participation

- » Registration deadline 24<sup>th</sup> June 2023
- » Fee for regular participants 50 €
- » Fee for speakers and enrolled students 25 €
