YOUNG TRIBOLOGICAL RESEARCHER SYMPOSIUM WEEK

7th – 11th of June 2021
This time online in the virtual space

Junge Tribologen

A working group of the GfT e.V.

TO ALL YOUNG SCIENTISTS

With you together, we want to enhance the transfer of knowledge within the field of tribology – from all points of view.

The symposium's focus is on:

- » Presentation of young researcher's projects and theses
 - » Discussing new research topics and ongoing research projects
 - » Providing an „exercise platform“ for major conferences
 - » Stage for young scientists and young tribologists

You will have the possibility to exchange your knowledge with other young scientists and gain experience in presenting your research. Furthermore, we offer advice regarding topics such as „technical procedure / methodology“, „testing possibilities“ and „presentation of your research“.

We are looking forward to your participation!
