8th

YOUNG

TRIBOLOGICAL

RESARCHER

SYMPOSIUM

Objectives

Together, we want to enhance the transfer of knowledge within an international field of tribology.

The symposium focuses on:

- » Presenting projects and theses of young researchers in academia and industry
- » Discussing new topics and ongoing research projects
- » Networking of young tribologists
- » Offering a stage for young researchers

Program

The 8th YTRS will consist of a variety of presentations (in English) with sufficient time for discussion and networking as well as a local industry excursion.
